

**FCC QUARTERLY REPORT  
2nd QUARTER  
APRIL-JUNE 2012**

## Environment

Program: FOX 5 Morning News  
Airdate: Tuesday, April 3  
Time: 5:00am  
Type: 5 hour news program

An environmental organization is running advertisements on t-v this week-- demanding to keep the San Onofre Nuclear Plant shut down. The group, "Friends of the Earth," says the ads will run in both San Diego and Los Angeles. San Onofre has been shut down since a small leak was found in January. The Nuclear Regulatory Commission ordered the plant to remain closed until the problems are fixed.

Program: FOX 5 Morning News  
Airdate: Tuesday, April 24  
Time: 5:00am  
Type: 5 hour news program

Rescue crews try to save a beached dolphin in Encinitas. By the time they arrived, it was too late. Sea World crews found the dolphin just south of the lifeguard tower at Moonlight Beach. It washed ashore yesterday afternoon. Folks tried to help the dolphin back into the water, but it continued coming back. Officials aren't sure exactly what happened. It's very rare for dolphins to beach themselves.

Time: 6:00 a.m.  
Type: 5 ½ hour news program

Description: Fox 5's Heather Ford has more on homemade beeswax candles. Knorr Beeswax in Del Mar has been producing quality candles for over 75 years.

Program: FOX 5 Morning News  
Airdate: Wednesday, May 9  
Time: 5:00am  
Type: 5 hour news program

Still no date has been set for the restart of the San Onofre Nuclear Plant. The operator – Southern California Edison – continues to analyze and develop plans to repair the problems at the plant. Officials report more than a thousand radioactive tubes are so damaged they are beyond repair. The operator says when its satisfied with its repair plans, it will submit them to the Nuclear Regulatory Commission in order to power backup.

Program: FOX 5 Morning News  
Airdate: Thursday, May 10  
Time: 5:00am  
Type: 5 hour news program

We're finding out more about a new study on that big floating garbage patch in the middle of the Pacific Ocean. Researchers at the Scripps Institution of Oceanography surveyed the area. Their results show its grown dramatically in the recent years. They estimate the garbage patch, consisting mainly of discarded plastic, ballooned a hundred fold in the past 40 years. The floating debris is also altering habitats in the marine environment.

Program: Fox 5 Morning News  
Airdate: 05/16/12  
Time: 7-9AM  
Type: 5 ½ hour news program

If you thought this past year was warmer than usual -- you were right. The National Oceanic and Atmospheric Administration reports Americans just lived through the hottest 12 months ever recorded. However, high temperatures didn't hit every region equally. Much of California was cooler than normal. And southern California had an average year.

Program: Fox 5 Morning News  
Airdate: 05/01/12  
Time: 7-9AM  
Type: 5 ½ hour news program

Delta air lines latest effort to cut costs includes buying an oil refinery. The company has announced its subsidiary Monroe energy has reached a deal to purchase an oil refinery near Philadelphia. Delta hopes owning a refinery will save the company \$300-million dollars in fuel costs each year.

Program: Fox 5 Morning News  
Airdate: 05/09/12  
Time: 9:00 a.m.  
Type: 5 ½ hour news program

Researchers at the Scripps Institute of Oceanography reveal plastic trash may be altering ocean habits. They say a sharp increase of small plastic debris 100 miles west of California is altering habits in the marine environment. Researchers claim the amount of plastic in the area known as the 'Great Pacific Garbage Patch' has increased by 100 times over the last 40 years.

Program: Fox 5 Morning News  
Airdate: 5/16/12  
Time: 9:00 a.m.  
Type: 5 ½ hour news program

Construction of the San Vicente dam is now halfway done. The San Diego County Water Authority made the announcement this morning. The \$450-million project is the biggest dam raise in the U.S. The dam's height is going up 117 feet, doubling its storage capacity in case of an emergency like a drought or earthquake.

Program: Fox 5 News  
Airdate: 05/24/2012  
Time: 5pm  
Type: 1 hour news program

The water quality at San Diego beaches is getting better. *Heal the Bay* released its annual survey and most of our beaches passed with flying colors. Walter Morris showed us what areas need the most improvements.

Program: Fox 5 News  
Airdate: 05/30/2012  
Time: 5pm  
Type: 1 hour news program

The legal battle over a La Jolla fireworks show reaches the state capitol. The State Senate passed a bill allowing San Diego to hold one fireworks show a year without doing extensive environmental studies. Walter Morris reported on why the bill is unlikely to reach the Governor's desk.

Program: FOX 5 NEWS AT 6  
Airdate: 5/8/12  
Time: 6p  
Type: 1 hour news program

Airdate: 06/14/12  
Time: 7-9AM  
Type: 5 ½ hour news program

Today, we'll soon find out if the fireworks show will go on in La Jolla. A San Diego superior court is expected to make a ruling. A local environmental group filed a lawsuit against the show once again. It wants the city to study the impact of fireworks on the environment, before issuing a permit. Event organizers expect the show to go on regardless of today's ruling.

Program: Fox 5 Morning News  
Airdate: 06/18/12  
Time: 7-9AM  
Type: 5 ½ hour news program

Tonight, a meeting will be held about the San Onofre nuclear power plant. Activists are demanding answers from officials. The group wants results of a recent plant inspection to be released -- before the NRC decides when the plant can be powered back up. The plant shut down back in January, after officials found a leak in one of the units. The meeting starts tonight at six -- at the San Juan Capistrano community center.

Program: Fox 5 Morning News  
Airdate: 6/4/12  
Time: 9:00 a.m.  
Type: 5 ½ hour news program

As summer approaches, the beaches will again become one of San Diego's main attractions. But how do you know if the water you're swimming in is safe and clean? There's now an app for that. It's called the swim guide, and it shows you which beaches are free and clear for swimmers, and which ones are closed because of pollution. The application's interactive map features beaches up and down the entire California coast line.

Program: Fox 5 Morning News  
Airdate: 6/14/12  
Time: 9:00 a.m.  
Type: 5 ½ hour news program

Today, we'll find out if the fireworks show will go on in La Jolla. A San Diego superior court is expected to make a ruling on another lawsuit filed by a local environmental group. It wants the city to study the impact of fireworks on the environment, before issuing a permit. The group believes chemicals and debris from the fireworks harm sea life. An attorney for the fireworks show argues the review is a waste of time.

SDG&E energized its new Sunrise Powerlink. The 117 mile long power line provides 800 megawatts to San Diego County. The company claims that's enough to head off rolling blackouts, that could come because the San Onofre Nuclear Power Plant is closed.

Program: Fox 5 News  
Airdate: 6/18/2012  
Time: 5pm  
Type: 1 hour news program

Federal regulators say a design flaw appears to be the cause of excessive wear in tubing at San Onofre Nuclear Power Plant. The plant shutdown in January after radiation leaked from one of those tubes. Southern California Edison, which owns the plant, says replacing the relatively new steam generators may be the solution to fixing the tubes. Opponents of the plant met later in the day to talk about environmental risks from the nuclear plant.

Type: 5 ½ hour news program

San Diego voters passed two controversial labor-related ballot measures last night. Proposition 'A' got 58-percent of the vote. The measure bars the city from requiring 'project labor agreements' on municipal construction contracts. Proposition 'B' was passed by voters with 66-percent. This means new city employees, other than police officers, will be given 401-k-type retirement plans instead of being enrolled in the pension system.
